The Dortmund sites, as well as the Hof, Oschersleben, Chemnitz and Laval (France) sites of WILO SE have been verified as climate neutral. It is confirmed that the certificate holder has compensated its verified CO<sub>2</sub> emissions through the above-mentioned climate protection measure. The certificate is based on the determination of the corporate carbon footprint by calculation. Specifications and offsetting limits can be found in the review report. The validity can be verified using the certificate ID at [www.certipedia.com](http://www.certipedia.com).
