CONNEXION FIXE

CONNEXION FIXE is a durable anchor strap with two forged steel attachment points. It offers several configurations for setting up an anchorage directly on an anchor or around a suitable structure. It is available in three lengths (100, 150 and 200 cm).

Durable construction, thanks to the abrasion-resistant strap and to the ends equipped with forged steel attachment points.

It offers several configurations for setting up an anchorage directly on an anchor or around a suitable structure.

Short Description Anchor strap

Selling Points

- Offers several configurations for setting up an anchorage:
 - directly on an anchor
 - around an anchoring structure
 - choked on an anchoring structure, thanks to the different sizes of the attachment points
- Durable construction:
